Thank You

Thank you for contacting us for your application pack, the first step towards joining the Glenmore Trust as a Support Worker.

Our aim is to enable the people we support to be as independent as possible and to be active members of the community. This is what we were set up to do 30 years ago and I am proud to say we continue to do so to this day.

This is an exciting time for the Trust. Our clients are now receiving individual budgets, which allow us to work with them to be imaginative in how they use their allocation. At the same time we continue to grow and we now provide an ever increasing type and number of services in the Carlisle, Wigton and Penrith areas.

We are always looking to recruit people with imagination, drive and enthusiasm because to us these qualities are essential. What is important is who you are as a person. We are always looking for people with a variety of skills and interests, these could be in DIY, gardening, art, craft, outdoor activities and football. You don't need to have experience in care, although it helps, because we offer comprehensive training to all our staff.

Working for The Glenmore Trust is not just a job, it can be the start of an exciting, rewarding and long term career.

You will be given a full induction into your role and have the opportunity to acquire many skills and qualifications related to care.

We offer flexible hours that might suit you better than the conventional nine to five and you can choose to work on a full time, part time or relief basis.

You can gain an enormous sense of personal achievement from simply knowing that your job is really helping people. It's about making a positive difference to people's lives by contributing to their health, happiness and well-being.

For various reasons and stages in their lives some people need support to develop and maintain their independence, dignity and control. You can be part of providing that support.

Our staff are a major contribution to our success story and we have held the Investors in People award for over 10 years.

If you would like to contribute to this success story and join our friendly supportive team, please complete and return the enclosed application form. I look forward to you working with us in the future.

Services Provided

The Glenmore Trust provides services across North East Cumbria. We aim to enable people with learning and other disabilities to live as independently as possible in the community. The Trust is a Registered Industrial and Provident Society, established exclusively for charitable purposes, and has a Management Committee who has overall responsibility for the management of the Trust. Being a registered provider means that all our services are registered with the Quality Care Commission (CQC).

Respite Service

The Glenmore Trust offers a superb respite facility. The modern four bed bungalow is fully accessible to people using a wheelchair. It offers respite care for up to three adults with learning disabilities, and is registered to provide support for one individual with a physical disability. The respite service also offers an emergency bed facility.

Supported Tenancies & Mental Health Services

A number of our service users live in their own homes, as joint tenants or home owners, yet require a comprehensive package of support and care. The Trust works closely with these individuals and their families to ensure they are able to not only live as independently as possible, but to be an active part of the community.

Community Support Service

Registered as a Domiciliary Care Agency, The Trust provides support to people living on their own, or with their families. The type and frequency depends on individual requirements, and includes personal care. Wherever possible clients work with the same members of staff, to ensure not only a consistent approach, but to develop relationships. The support teams work mainly on a one-to-one basis with the client, and they receive close supervision and support from a manager and Team Leader.

Policy Statement on the Recruitment of Ex-Offenders

As an organisation using the Disclosure and Barring Service (DBS) Disclosure service to assess applicants' suitability for positions of Trust, the Glenmore Trust complies fully with the DBS Code of Practice and undertakes to treat all applicants for positions fairly. It undertakes not to discriminate unfairly against any subject of a Disclosure on the basis of conviction or other information revealed.

The Glenmore Trust is committed to the fair treatment of its staff, potential staff or users of its services, regardless of race, gender, religion, sexual orientation, responsibilities for dependants, age, physical/mental disability or offending background.

We actively promote equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates, including those with criminal records. We select all candidates for interview based on their skills, qualifications and experience

A Disclosure is required and all application forms, job adverts and recruitment briefs will contain a statement that a Disclosure will be requested in the event of an individual being offered a position.

A Disclosure forms part of the recruitment process. All applicants called for interview must provide details of their criminal record at an early stage in the application process. We request that this information is sent under separate, confidential cover to a designated person with the Glenmore Trust and we guarantee that this information is only seen by those who need to see it as part of the recruitment process.

For Disclosure purposes, no convictions will be viewed as being "spent".

We ensure that all those in the Glenmore Trust who are involved in the recruitment process have been suitably trained to identify and assess the relevant and circumstances of offences. We also ensure that they have received appropriate guidance and training in the relevant legislation relating to the employment of ex-offenders, e.g. the Rehabilitation of Offenders Act 1974.

At interview, or in a separate discussion, we ensure that an open and measured discussion takes place on the subject of any offences or other matter that might be relevant to the position. Failure to reveal information that is directly relevant to the position sought could lead to withdrawal of an offer of employment.

We make every subject of a DBS Disclosure aware of the existence of the DBS Code of Practice and make a copy available on request.

We undertake to discuss any matter revealed in a Disclosure with the person seeking the position before withdrawing a conditional offer of employment.

Having a criminal record will not necessarily bar you from working with us. This will depend on the nature of the position and the circumstances and background of your offences.
